# SET OF 4 LEVELING JACKS ON CASTERS

## SET OF 4 LEVELING JACKS ON CASTERS FOR BAKER SCAFFOLDING

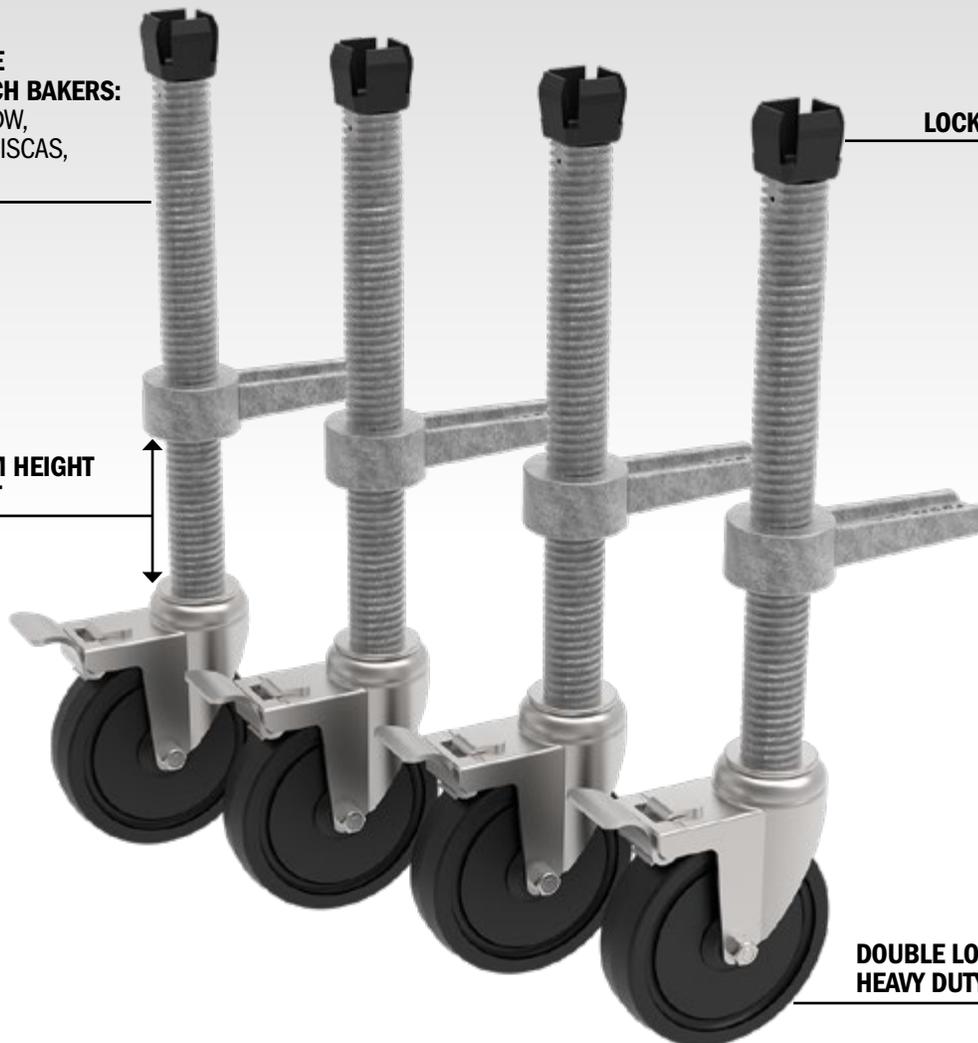

This set will allow you to use your Baker type Scaffolding on uneven ground.

We have developed a new leveling jack on caster with a locking system at the top that keeps the caster in place. If you lift the scaffolding, the casters will not come out of the legs thanks to the blocking mechanism.

These casters are not compatible with the outrigger and so cannot be used with stacked units

**COMPATIBLE WITH THE FOLLOWING METALTECH BAKERS:**  
I-CISC, I-CISCTP, I-CISCDW, I-CISCWB, I-CISCH1, I-CISCAS, I-CISCMT AND I-SB3M

**6" MAXIMUM HEIGHT ADJUSTMENT**

**LOCKING SYSTEM**

**DOUBLE LOCKING HEAVY DUTY 5" CASTERS**
