**FIBERGLASS
STEP-UP
WORKBENCH,
SAWHORSE STAND**

HEAVY-DUTY

- Ideal for electrical applications due to its fiberglass construction
- Anti-slip steps
- Durable and corrosion resistant
- 300 lb Load Capacity
- Rubber pads to ensure stability and prevent slippage

METALTECH[®]

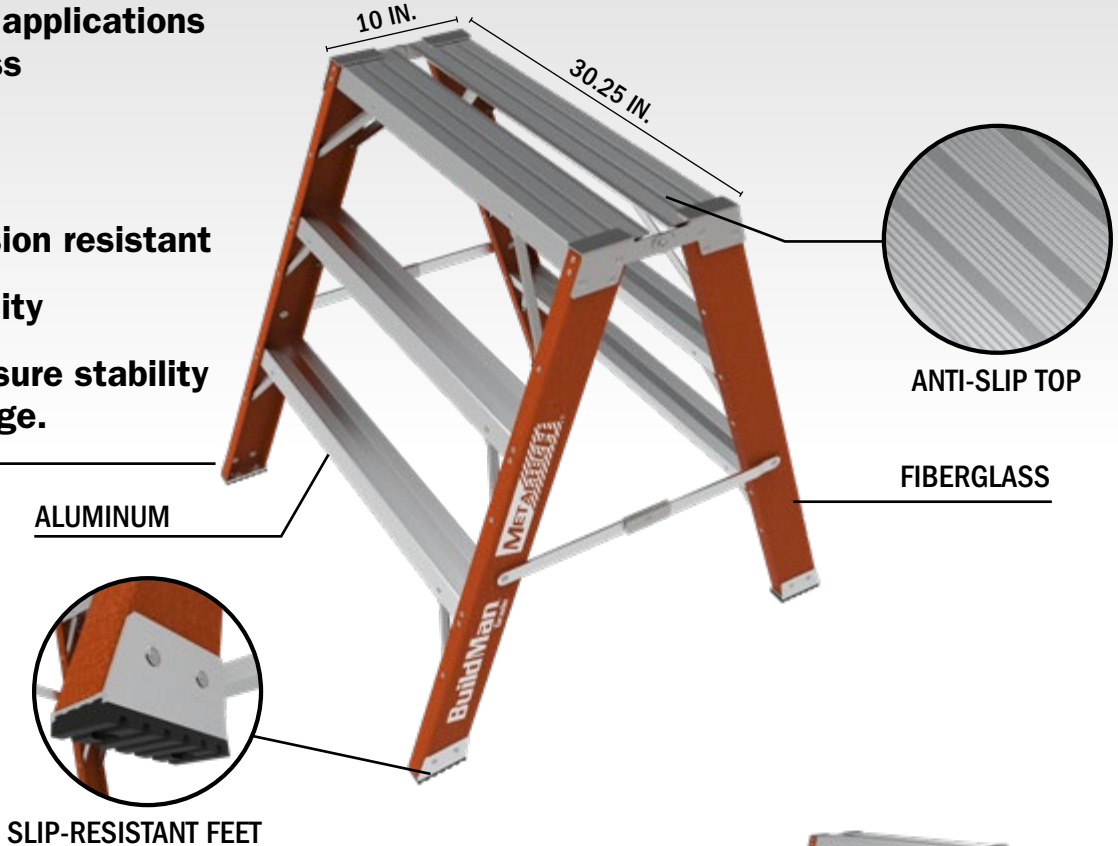

**BUILT TOUGH FOR
SAFETY**

The fiberglass workbench is non-conductive, making it an excellent equipment for all electrical work. Featuring anti-slip steps, the 2, 3 and 4 foot step-up workbenches provide a safe and comfortable access solution. Furthermore, these products are characterized by their 300 lb high load capacity and their vibrant orange coating, ensuring enhanced visibility and safety.

Also commonly called trigger benches, they are designed to offer both safety and convenience, making them an ideal choice for your work needs.

- Ideal for electrical applications due to its fiberglass construction.
- Anti-slip steps
- Durable and corrosion resistant
- 300 lb Load Capacity
- Rubber pads to ensure stability and prevent slippage.
